

Mary Schwulst – a Fellowship Square Phoenix resident since 2001

I came to Arizona to visit my son at Christmas time in 2000. I loved the weather and decided it would be good to live here. After visiting many retirement communities we came upon Fellowship Square at Christian Care. The staff we talked with was very informative and kind. A lovely lady took us on a tour of the place. The grounds were in perfect order, the halls were neat and clean and then she took us into an empty unit. I was impressed with what I saw. Nice large rooms, a great bathroom, a super kitchen and to my great delight, a washer and dryer in each and every unit. I told my son, “I don’t want to look at any other facilities. This is where I would like to live and spend my remaining years.” I waited nine months to move in and it was worth every moment.
