

Anne-Marie Fitz

Life Enrichment/Wellness Director Touchmark at Harwood Groves

Anne-Marie joined Touchmark in 2011. She had been an intern in the Life Enrichment/Wellness department in 2006 and then graduated from North Dakota State University with a Child Development and Family Science major and Gerontology minor. During college and for four years prior to starting at Touchmark, she worked as an event coordinator at the Plains Art Museum.

Several things drew her to Touchmark, including the opportunity to interact daily with residents and team members, build relationships, and identify needs and solutions. Mainly, though, it was the joy that comes from working with older adults. She enjoys their stories, humor, and, more importantly, learning from—and with—them.

In 2014, Anne-Marie completed a comprehensive series of eight courses and requisite testing and earned the designation of Certified Cognitive Stimulation Instructor.

In her free time, Anne-Marie enjoys traveling, cooking, reading, and spending time with friends and family.
