## **Speaker to share many ‘firsts’ of Project Apollo space program**

EDMOND, Okla. – The history books don’t tell us everything, and Touchmark at Coffee Creek residents will get more of the scoop about the golden age of America’s space program when Dan Schneider comes to speak at a Parkview Party 3 p.m. Aug. 28.

Schneider will present “Project Apollo in the Rearview Mirror.” The retired aerospace engineer worked in America’s space program in the 1960s. Part of the Flight Operations Team in Houston during the Apollo 11 lunar landing, he was also called on to support Apollo 12 and 13 as well as Project Viking, the first landing mission to Mars. He was also involved in the correct positioning of the camera taking the first photo of Earth.

Schneider will expand upon the information typically found in history books and share inside information about his NASA experience.

All are invited and asked to RSVP to 405-340-1975. Refreshments will be served. The Parkview Party will be held at 3001 Touchmark Drive.

### **About Touchmark at Coffee Creek**

A full-service retirement community, Touchmark at Coffee Creek offers a wide range of homes and lifestyle options and is located at 2801 Shortgrass Road, just off Covell. Touchmark is part of the Coffee Creek 638-acre planned residential development, which includes a golf course, recreational centers and walking and biking trails for Coffee Creek homeowners. For more information, contact Touchmark at 405-340-1975 or visit [TouchmarkEdmond.com](http://TouchmarkEdmond.com).
