

Jim Johnston

Life Enrichment/Wellness Director Touchmark at Meadow Lake Village

Jim says the day he became employed with Touchmark at Meadow Lake Village in August 2013 was one of the luckiest days of his life. He relishes the amazing opportunity to work with residents, admires their life accomplishments, and is honored to be a participant in their journey here.

When hired at Touchmark, Jim worked as a concierge. He then became a Life Enrichment/Wellness Assistant before becoming director of the department.

Prior to Touchmark, Jim worked at T-Mobile as a Customer Service Representative and before that at Debt Reduction Services holding several positions with increasing responsibility, including Credit Counselor, Auditor/Trainer, and Regional Manager.

He attended West Valley College where he served as student body president, board member of the Citizens Advisory Committee for West Valley College District, and charter president for the college's Kiwanis Club.

Jim is certified in First Aid, CPR, and AED. Away from work, he is an avid outdoorsman and enjoys riding his bike and hiking the trails of Boise's foothills. Jim also enjoys photography and cooking (especially Italian dishes).

His parents taught him three important lessons: choose your battles wisely; if you don't try, you will never know what great things you may accomplish; and sometimes you just have to fly by the seat of your pants. He says his journey through life has been guided by the latter.
