## **Touchmark invites public to energy talk with Kent Ellis**

BISMARCK, N.D. — A presentation on the North Dakota Energy industry will be given by Kent Ellis at Touchmark on West Century Thursday, Oct. 22, at 2 p.m. In his presentation, Ellis will talk about changes the energy industry has seen since the oil boom has slowed recently.

Ellis is the owner of Aurora Energy Solutions LLC, an oil and gas brokerage firm located in Bismarck and Oklahoma City.

“There have been a lot of questions on how the oil and gas industry has affected the North Dakota economy,” said Touchmark Life Enrichment Wellness director Amy Miller. “The slowdown over the past few months is causing a lot of speculation, and people are wondering how long it will last. This presentation will help people understand what that means and what they can expect in the future.”

The public is invited to attend this event. There is no charge, but due to limited seating, it is advised to call 701-323-7000 for a reservation. Touchmark is located at 1000 West Century Avenue.

### **About Touchmark**
