## Meet Catherine Tompson

Catherine grew up in Chicago where in high school she was on the water ballet troupe and also on the volleyball team that won 2nd place in Chicago. She attended Knox College in Galesburg, Illinois where she earned her degree in History and Literature and later earned a Teaching Certification specializing in 3 areas of Special Education. While in college she met her husband Jim, an Army officer who served 2 tours in Vietnam. Together they had 4 wonderful girls. His military service moved them all over from Germany to Virginia, Kentucky, Pennsylvania, and they eventually settled in Texas.

Serving as a volunteer usher with the Austin Symphony for 35 years, Catherine was able to see world renowned acts like Yo-Yo Ma and King Charles. She enjoys reading, scrabble, walking, swimming and knitting. She has been knitting frantically while awaiting the arrival of 2 new great-grand babies for a total of 10.

## "This Month In History" MARCH

**1876:** Scientist Alexander Graham Bell is granted a patent for what would become his most famous invention, the telephone.

**1918:** The U.S. Congress passes the Standard Time Act, setting official time zones and enacting daylight saving time nationwide.
