

Greetings from Family Pet Clinic of Grapevine!

We are just wrapping up our April Heartworm Awareness Month promotion and want to continue to offer you and your furry friends a good deal! Starting May 1<sup>st</sup>, and ending May 31<sup>st</sup>, we will be offering a discounted exam at 25.00 for all new feline patients. We also encourage keeping your cat on a monthly heartworm preventative, which means if you purchase a minimum of 6 months of Feline Revolution or Feline Advantage Multi, we will give a 15% discount off your prevention cost. Don't fret if you are an existing patient and still want prevention, we will still honor that 15% discount! We hope you consider bringing your feline friends to see us for their first visit at Family Pet Clinic of Grapevine!

If you have any questions regarding the promotion, the discounted prevention, or other costs, please call our facility during regular business hours at 817-488-4618 and a staff member will be delighted to help you! If you are ready to schedule your visit, please call or feel free to use our online booking system located on our website. We can't wait to see you and your feline family members!

\*The discounted exam will not apply to already existing feline patients, but those existing patients can still receive their 15% discount off of their prevention if a minimum of 6 months is purchased.\*
